The Veterans Leadership Program of Western Pennsylvania provides essential housing, employment, and other vital supportive services to eligible veterans, service members and their families to improve self-sufficiency, sustainability and quality of life. For over 25 years, VLP, through your support, has been answering that call to duty. VLP performed over 4,800 incidences of service to veterans, service members, and their family members in 2008, an increase of nearly 220% from 2007. We were instrumental in the recent establishment of Veterans Court, a local court giving veterans a second chance and will coordinate all supporting social services for this very important venture.
